

XCS224N Assignment 1: Exploring Word Vectors

Homework 1 is a warm up assignment in which you will explore working with word vectors. Homework 1 (only) is a Python Notebook that is shared via Google Drive and executed using [Google Colab](#). It will be submitted as a PDF through the SCPD learning system where you access the course videos.

Creating a Copy of the Notebook and Opening via Google Colab

1. While logged into a Google Account, access the [Python Notebook](#) from Google Drive
2. Click on “Open with > Connect more apps > Colaboratory”. You may have to search for Colaboratory.

3. In the menu, go to “File > Save a copy in Drive...”. You will then be able to see a copy of the notebook in a folder named “Colab Notebooks” inside your Google Drive
4. You can go to <https://colab.research.google.com> and view a list of your Python Notebooks including the one you created in Step 3.

Submission

Submission instructions are included at the bottom of the notebook.
